Methods for Containment an Clean-Up:	d	Absorb spillage in suitable inert material. Place in sealable container Remove contaminated material to safe location for subsequent disposal. To clean the floor and all objects contaminated by this material use water. See also Section 13. Disposal Considerations.				
7. Handling and Storage:						
Precautions for Safe Handling:		Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.				
Conditions for Safe Storage:		Do not contaminate water, food or feed by storage or disposal. Keep containers tightly closed when not in use. Store in cool, dry place. Protect from temperatures below 32°F. This product may freeze. If freezing should occur, thaw and shake gently to unify product. Do not store diluted product. See also Section 10.
