

SPRED-RITE® G

GRAVITY-FLOW GRANULE SPREADER

The most versatile granule spreader ever – and it has no moving parts!

Gordon's Spred-Rite® G Granule Spreader is a quicker, easier and more precise way to spread granular herbicides, fungicides, insecticides and fertilizers in small landscape areas. The Spred-Rite G can be used anywhere and is especially handy where you have to reach around or under things – trees, shrubs, poles or railings for example.

The swath width is adjustable from two inches to three feet, and the rate is easy to change by

changing your walking speed, varying the swath width or by changing the orifice (three options provided).

Gordon's Spred-Rite G is the perfect tool for spreading granular herbicides, such as Gordon's Barrier® 4G Landscaping Herbicide, for precision edging around buildings, grave markers, beds and along walls, fences, walks and curbs. It's unique.

Barrier and Spred-Rite are registered trademarks of PBI-GORDON CORPORATION.

- **The width is adjustable from 2 inches to 3 feet**
- **No metal parts to corrode or rust**
- **Light weight – 6 ounces empty, 6 pounds full**

- **Application Rate Easily Varied:**
 - by choice from 3 orifices
 - by varying the swath width
 - by changing walking speed
- **Ideal for spreading ice melt products**

RECOMMENDATIONS

For application of granular herbicides, fungicides, insecticides or fertilizers in landscape areas. Use for edging with granular herbicides around buildings, grave markers and landscaped or flower beds. Use along walls, fences, walks and curbs.
