

# Pro-Line HF C/25

Consistent Mixes Produce Consistent Crops

## Bark / HF Based Mix

Containing Aged Pine Bark and HydraFiber®, this mix is very dense and allows plants and flowers to develop a sturdy root system for long-lasting results.

### Appropriate mix for:

- Perennials
- Roses and Garden Mums
- Nursery Containers
- Interior Planters

Available in 2.8cf, 60cf, and bulk

***Make sure to ask your Sales Representative any and all questions concerning HydraFiber!***

## Jolly Gardener Pro-Line HF C/25

- Aged Pine Bark
- HydraFiber®
- Canadian Sphagnum Peat Moss
- Perlite

All PRO-LINE blends are pH adjusted and include a starter charge and micronutrients package.
